2.4.5: Adequate skills are developed in students for effective use of ICT for teaching learning process in respect of 1. Preparation of lesson plans 2. Developing assessment tools for both online and offline learning 3. Effective use of social media/learning apps/adaptive devices for learning 4. Identifying and selecting/developing online learning resources 5. Evolving learning sequences (learning activities) for online as well as face to face situations.

RESPONSE :

Saraswati Shikshak Prashikshan Mahvdiayalaya, Sardarshahar conducted a seminar on ICT Based Learning Situations on in which the resource person was Vikash Saini. He provided the knowledge about the following: use of ICT in the teaching and learning process

- * Focus on investigating teachers' perceptions
- * Challenges faced while using ICT based online learning.

He also discussed the major challenges faced while using ICT like:

- * Unstable internet connection
- * Lack of training
- * Lack of support from the school
- * Lack of time

In order to ensure a more successful implementation of ICT in education, appropriate training on the usage of ICT in teaching should be provided. Apart from this, he also provided the idea about adequate ICT resources which should be made available for teachers, educators, researchers and school managements to develop useful guidelines to assist the teachers in overcoming the challenges of using ICT in teaching and learning.
