7.1.2: Institution has a stated policy and procedure for implementation of waste management.

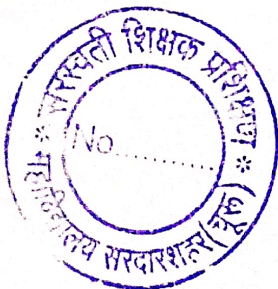

RESPONSE :

The college believes to take measures of clean, green and safe campus. Towards this end the college has developed a clean cut policy of waste management and its disposal the college also believes in sensitizing and involving the student teacher and staff in the process of waste management and is disposal.

With the belief that waste management is essential for building sustainable cities, SSPM, Sardashar is very conscious and making all possible efforts to manage the waste generated such as paper waste, e-waste, organic waste etc. The institute believes that old books/newspapers/magazines/journals should not go directly to the dustbin after use and should be reused. Obsolete and unusable electronics and electric items are disposed of through auction on the recommendation of the condemnation board. The green waste of the institute decomposes in vermicomposting pits, becoming a valuable source of humus which is used for plantation inside the campus. Wastewater is also used judiciously to irrigate the campus flora.

Step taken by college:-

1. The wall campus is cleaned daily
2. The college is also involving students teachers and staff in maintaining the campus clean green and save.
3. The waste generated by daily cleaning our dumped in a cover pit.
4. Electronic waste material are collected separately and disposed of safely.
5. Dustbin have been installed in different point of college separately for solid waste and liquid waste. The principal co-ordinator HOD and staff secretary are aware towards the clean green and safe campus.
