OBJECTIVES OF THE POLICY

- To protect and conserve ecological systems and resources within the campus.
 - To ensure efficient use of environmental sources to meet the needs and aspirations of the present and future generations.
 - To integrate environmental concerns into policies, plans and programs for social development.
 - To make the campus plastic free.
 - To conduct Environmental and Energy audit.
- a) Landscaping Initiatives with trees and plants Sustainable infra structure is a vital part of the college campus, providing space for study, play, outdoor events, relaxation and aesthetic appreciation. Green campus and landscape also helps to recharge ground water, clean and cool air in campus. There are number of trees, shrubs, medicinal plants on campus along with grass cover. Green cover of college is home for number of insects and bird species.
- b) Clean Campus Initiatives In accordance to Swachh Bharat Abhiyan, College has committed to actively coordinate cleanliness activities in the college and beyond the campus. A gardener and full time adequate supporting staff are appointed for the maintenance of litter free clean and Green Campus.

These initiatives include:

- Generating mass awareness on cleanliness and hygiene amongst students and staff members by holding regular cleanliness drives.
- Activities under 'Swachh Bharat Abhiyan' is a key component of all the community works being done by College.
- Teaching faculties and staff members are encouraged to participate in the cleanliness drives.
- Commit to manage waste and maintain clean campus especially during college events.

- Conduct various Environment awareness days and tree plantation program.
- c) Clean Air Initiatives College encourages student and staff to use public transportation. Also encourage for carpooling, an activity that will control air pollution and strengthen social interaction. Smoking and burning of garbage strictly prohibited in campus. The abundant natural landscape cleans the air in campus.
- d) Infrastructure a) Grid connected PV Solar System for the campus: The college believes in reducing the consumption of electricity by utilizing grid connected PV Solar system with net metering. These panels are installed on rooftop of the college building. b) Installation of Energy efficient equipment College commits to install environment-friendly electrical appliances that save energy and reduce wastage of energy. Most of the tube lights and lamps are replaced by LEDs in classrooms and passages to minimize the energy consumption. c) Water Conservation through Rain Water Harvesting System College has committed to replenish the groundwater table by practicing rainwater harvesting. This practice helps in the replenishment and recharge of the groundwater.
- e) Waste Management Processes a) Liquid waste management • Maintain leak proof water fixtures. • Continued employment of a caretaker to take immediate steps to stop any water leakage through taps, pipes, tanks, and toilet flush etc. • By treating waste water generated in washrooms through Sewage Treatment Plant (STP). b) Solid waste management The college will adopt practices to mitigate the generation and manage solid waste through the following methods: • Systematically engage with the 3Rs (Reduce, Reuse and Recycle) for eco -friendly environment. • Collect paper waste in campus and sent for recycling • Take initiatives to spread awareness among students about:
 1. Food wastage and ways of minimizing it
 2. Minimizing the use of packaged food
 3. Use of degradable waste for composting purpose.

- f) Environment Centric Awareness Activities College encourages awareness programs, plantation program, Cleanliness drive in and beyond the campus, Celebration of Various Environmental days.
- g) Green Audit The college aims to conduct a Green Audit to assess strengths and weaknesses for long-term sustainability. A green audit is a useful tool to determine how and where most energy or water resources are being used. The college can then consider how to implement changes and make savings. It can determine the type and volume of waste. Green auditing will promote financial savings through reduction in the use of resources. It is imperative that the college evaluate its own contributions toward a sustainable future.
- h) Energy Audit An Energy Audit is carried out to reduce carbon foot print. The energy audit, with its specialized tools will identify wastage of energy. Such an inspection often reveals several different flaws which cause a loss of significant amounts of energy which the college will not be able to detect. These flaws often have easy and affordable solutions and provide significant savings.
- i) Plastic free campus In view of the Government of India's resolution to ban all single use plastics due to the hazardous impact of plastic use and pollution, the college administration strictly bans the use of single use plastics in its premise to make it a 'Plastic Free Campus'.

PREFACE

The purpose of the Green audit is to ensure that the practices followed in the **Saraswati Shikshak Prashikshan Mahavidyalaya, Sardarshahar** campus are in accordance with the Green Policy adopted by the institution. Green Audit is a process of systematic identification, quantification, recording, reporting and analysis of components of environmental diversity of **SSPM College, Sardarshahar**. It aims to analyse environmental practices within and outside of the concerned sites, which will have an impact on the eco-friendly ambience.

It can make a tremendous impact on student health and learning college operational costs and the environment. The criteria, methods and recommendations used in the audit were based on the identified risks. **SSPM College** has made a self inquiry on environmental quality of the campus with the following objectives:

1. To map the Geographical Location of the college
2. To document the floral and faunal diversity of the college.
3. To document the Waste disposal system.
4. To document the ambient environmental condition of air and water of the college.
5. To promote environmental awareness through participatory auditing process; and

This report is compiled by a committee constituted by IQAC. As there was no standard model for such an environment/green audit of campuses in the state, the committee brainstormed and evolved a questionnaire. With the help of faculty members, the major part of the data was compiled, which the committee analyzed.

The remaining part which involved measurement of quality was entrusted with the Department of Botany, Horticulture, Zoology, Physics, and Computers also Pollution Control Board of Govt. of Rajasthan. The committee has made short term and long-term suggestions to take environment protection to higher levels and it is hoped that this will receive due attention of SSPM College authorities and also all stake-holders of the SSPM College.
